Hirshfield's Contractor Select Professional ZERO VOC Latex

Hirshfield's complete line of Contractor Select Zero VOC interior paints and primers are designed for the professional. Contractor Select Zero VOC products are suitable for use in residential and commercial applications. Because they have virtually no odor, they are ideal for use in occupied areas. These products go on easily, offer good durability and have exceptional touch-up.

Hirshfield's Contractor Select Zero VOC Latex meets or exceeds the standards set in place by the USGBC (United States Green Building Council) LEED-NC Version 2009. All results have been demonstrated by Hirshfield's independent coating laboratory. Hirshfield's Paint Manufacturing is a member of the USGBC, participating as a Product Manufacturer.
